

# SEKOLAH SRI UCSI

SPRINGHILL

Quality Education With Genuine Care

**Datin Lily Ng**

Chairperson, Board of Governors  
Sri UCSI School

## MESSAGE FROM THE CHAIRPERSON

It gives me great pleasure to welcome you to Sekolah Sri UCSI, Springhill.

While new approaches are refreshing, I must point out that some things never change – and they never should. This applies to Sri UCSI's commitment to excellence and holistic education. Quality Education with Genuine Care has been our promise to students and parents since we first opened our doors in 2002 at Subang Jaya and it is still our promise today. Thousands of students have benefited from it and nothing delights me more than to see them graduating with confidence, ready to take on the world.

The School's ethos is based on truths we hold to be self-evident. That effective learning can only take place with unconditional care and support. The human factor – so often overlooked – must be ever-present and this sees us working hard to source the right teachers who will make a telling difference in all they do. Teachers who care inspire their students to do the same and I'm happy to know that they are here at Sri UCSI.

Apart from equipping students with the aptitude to excel in their studies, Sri UCSI seeks to be a place where memories live on in time. Growing up is a period everyone should cherish and we are happy to provide students with opportunities to showcase their talent. With musicals and sporting events planned throughout the year, our students can shine on any stage and we want them to look back with pride in the future and say, "I was part of this."

As I look beyond the dedicated staff and enthusiastic students at Sri UCSI, I must applaud the parents for their unwavering support and participation over the years. Sri UCSI would not be a preferred school for thousands of students today without you. Thank you for participating in this meaningful journey of education with us.

In the end, these are things that matter most in a student's rite of passage to adulthood. Love and kindness foster the right environment for learning while a commitment to excellence raises aspirations. This is the secret behind our success and with the encouraging support, I'm sure Sri UCSI will continue to grow as a preferred primary and secondary school for all Malaysian students.

If life is likened to a game, everyone can be a winner. And at Sri UCSI, we will not rest until our students mature to become future leaders who will make their mark in an increasingly borderless world.

## Our Vision

To be leading Centre of excellence offering world-class primary and secondary school education.

## Our Mission

Provide our students with a high quality, comprehensive and holistic education to nurture them into becoming capable, responsible citizens and leaders of tomorrow.

## Our Approach

At Sri UCSI, we have your child's best interest in mind. We realise that every child is unique and that these crucial years in school will mould and shape them, possibly to be the leaders of tomorrow. At the same time, we provide them with a quality and holistic education - one that will prepare them for success in their future endeavours.

Here, we genuinely care for your child and will provide them with a conducive environment to learn, grow and excel. Our comprehensive curriculum will be a stepping stone towards navigating and driving them to pursue careers in their field of choice.

Sri UCSI provides a solid foundation where children can discover new interests, develop essential skills while building on what they already know. Here, it is never too early to start thinking about future goals and ambitions. In order to achieve their aspirations, children will be exposed to different methods of learning while developing their own way of perceiving the world.

Sri UCSI has been set up with the approval of the Ministry of Education where we fully subscribe to the National Education Policy.

With this in mind, we:

- Teach and inculcate positive moral and spiritual values
- Provide a learning environment that is stimulating and fun
- Provide facilities and opportunities to develop their abilities in sports
- Provide facilities and opportunities for the learning and appreciation of music and art
- Provide opportunities and activities for developing leadership skills
- Organise educational trips for exposure and learning
- Provide Internet facilities and teach IT skills to students
- Limit class sizes to a maximum of 25 per class
- Emphasise academic excellence

# ABOUT Sri UCSI

Sri UCSI Primary and Secondary School is a private co-educational school which centres on excellence in education and quality care. With the support and approval of the Ministry of Education, the school offers classes from Primary 1 to Form 5 and follows the National Curriculum with additional Cambridge programmes for English Language, Mathematics and Science.

Although special emphasis is given to the mastery of the English Language, Mandarin classes are also taught during regular school hours. Hence, it is the aim of the school to mould students to be tri-lingual in Bahasa Melayu, English and Mandarin.

Students will study in well-equipped and air-conditioned classrooms for a high quality and enjoyable learning experience. They may visit the cafeteria, laboratories, library, music room and computer laboratory as and when needed or unwind from their day at the basketball courts, golf course or swimming pool. The atmosphere in the school is serene and calm, just enough to clear their minds and focus on learning. The facilities are upgraded and improved yearly through careful planning making it a preferred choice when it comes to being up-to-date and keeping with the times. Although education is at the forefront of Sri UCSI, there are ample opportunities to socialise and have fun with peers.

# LOWER PRIMARY Curriculum

## PRIMARY 1 - 3

Monday - Thursday

# SCHOOL FACILITIES

In terms of school facilities, our students have a variety to choose from including an Olympic-sized swimming pool, a nine-hole golf course, a football field, basketball court, tennis court, volleyball court, exercise room, table tennis equipment and a pool table.

Multipurpose hall

Classrooms

Basketball Court

Gym Room

Administration

Swimming Pool

Library

Table tennis and Pool

## Golf Course

The nine-hole golf course at Sri UCSI is a unique and fun way for students to bond with each other. As part of its after school activities, golfing is the ideal activity for students to cultivate good sportmanship, as well as hone their hand-eye coordination and skills in concentration and creative thinking.

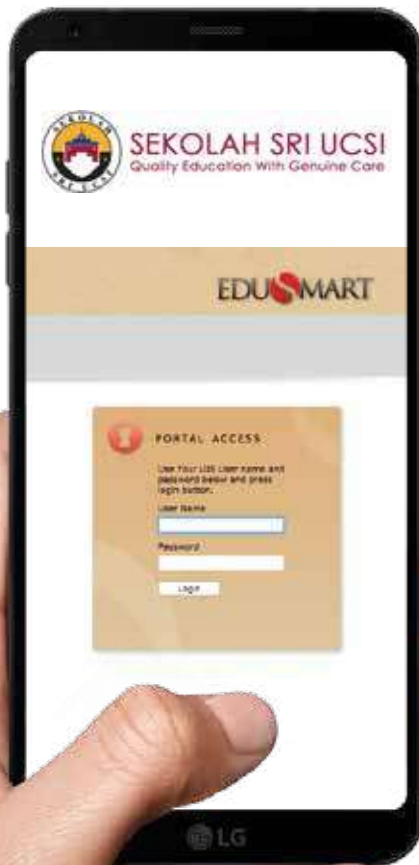

# AFTER School Activities

- Football
- Futsal
- Basketball
- Table Tennis
- Dance
- Music
- Drama
- Swimming
- Badminton
- Cross Country
- Yoga
- Karate
- Photography Club
- Chess Club
- Cheerleading
- Golf

*\*Activities that take place on Fridays are paid activities.*

# Sri UCSI Edusmart Portal

Want to know how your child is doing in school? Get smart with our Sri UCSI Edusmart Portal online system which allows parents to follow their children's progress at school in a highly secured, password protected and read-only environment. Each parent and student will be given a username and password to access student's records from anywhere via the Internet.

Both parents and students can stay up-to-date on:

- Homework assignments
- Grades
- Progress reports
- Class announcements of upcoming tests,
- Many more

# Entry Procedures

## Entrance Exam

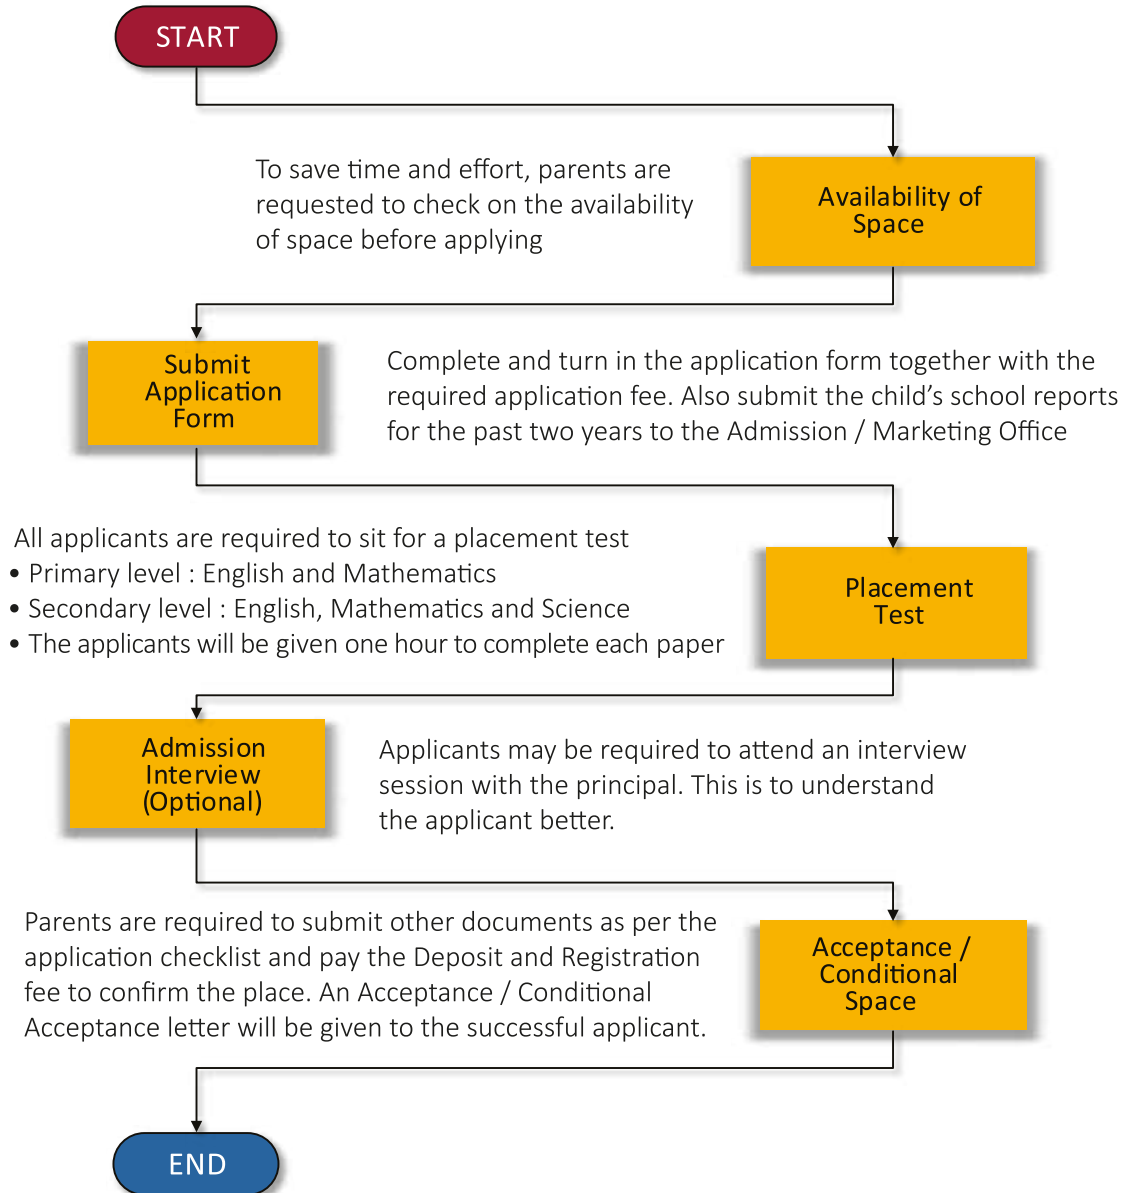

To gauge the level of competency of each student and to place them in suitable classes, students interested in joining Sri UCSI School are expected to sit for an entrance exam. The exam comprises four subjects; Bahasa Malaysia, English Language, Mathematics and Science.

ENTRY REQUIREMENT					
Primary School					
Primary 1	Primary 2	Primary 3	Primary 4	Primary 5	Primary 6
Entrance test = 60% or higher, with principal's approval					
Secondary School					
Form 1	Form 2	Form 3	Form 4	Form 5	
Entrance test = 60% or higher, with principal's approval					

# Admission Procedures

The process for students wanting to join Sri UCSI is simple:
