TAYLOR'S INTERNATIONAL SCHOOL (TIS)

An award-accredited provider of world-class education, TIS offers a global learning experience based on the highly valued British curriculum. From Early Years to Secondary, TIS provides balanced learning experiences to develop students into lifelong learners.

TIS students are equipped with essential skills, confidence and knowledge that will give them an edge on the global stage. Within an excellent learning environment for a holistic experience, students are nurtured to achieve their full potential. To complement their academic education, TIS emphasises character building that is grounded in Eastern and Western values and a language foundation in English, Bahasa Malaysia and Mandarin.

TIS has two campuses located in Kuala Lumpur and Puchong. Both are exceptional neighbourhood international curriculum schools with a heritage of excellence in education.

EXCEL AMONGST LEADERS

TIS is a member of Taylor's Schools, a network of award-accredited international schools. Our diversity and sharing of expertise have created an exceptional team of educators. Our teachers continuously improve their skills through our Professional Development Programme, and collaborate to raise the quality of education we provide. To be in the Taylor's Schools family means your child achieves beyond academics with opportunities to excel as a holistic learner. For two consecutive years, TIS has earned the Reader's Digest Trusted Brand Gold Award, and TIS Kuala Lumpur has been awarded the 5-Star Quality Standard Award by the Ministry of Education Malaysia. An outstanding education provider, TIS is a leader amongst leaders.

TAYLOR'S INTERNATIONAL SCHOOL CURRICULUM

Taylor's International School follows the prestigious National Curriculum for England, which is highly valued worldwide. Education starts as early as age 4, and the curriculum culminates with the IGCSE examinations and qualifications at the age of 16. Our students are able to transition into pre-university courses around the world a year earlier than with the Malaysian National Curriculum.

We offer a stimulating and supportive setting, through a sound balance of academic excellence and opportunities for personal development. Learning with the British curriculum within a Malaysian environment equips students with values of the East and West.
