

Sekolah Sri Tenby Penang

PRIMARY | SECONDARY

“I love the school because the teachers are caring and motivating. Students always help each other. I love Tenby.”

Lee Jia Qing (Junior 4)

“Unlocking one’s potential is the key to a better world; I believe Tenby does exactly that by pushing the boundaries of creativity and helping us strive to improve the world however we can!”

Shaun Yeoh (Form 4)

HOW TO APPLY

welcome from the CAMPUS PRINCIPAL

It is a pleasure to introduce you to Tenby Schools Penang – a unique campus hosting both British International and Malaysian Private Schools, whose reputation of excellence in education, high quality teaching and wider student experience places it among the best value schools in the area.

The campus was built in 2011 and is fully integrated between the two schools. The International School follows the International Primary Curriculum (IPC), National Curriculum for England (UK), IGCSE and A Level programmes, and the Malaysian Private School follows the Malaysian National Curriculum.

Our academic results are excellent and we take every opportunity to give our students enough knowledge, confidence and varied life skills so that they can open the doors to the possibilities of our rapidly changing society. After all, a true measure of a school is not what its students are doing when they are 18; it is what have they have done when they are 80.

We bring together students from different cultures and nationalities to educate them to become global citizens of the future – young people with respect for one another, confidence in themselves and the determination to become outstanding achievers.

The School has the highest expectations of students and staff; each child is considered as individual and precious, and commits to a holistic approach to school life. We are not a one-dimensional exam factory but a school that offers wider experiences across our core values.

A rich range of academic resources complements our modern campus, with state-of-the-art technologies integrated into the curriculum and classrooms. Among our priorities is the continuous support to update teachers with the latest ideas and methodologies so that they can use them to stimulate students. We take great pride in the way lessons are taught; teachers are focused on our students and their learning, while our students are encouraged to be critical learners and to be involved in their own learning.

I warmly encourage students and their families to visit our campus to see how we do things differently. You will not be disappointed because prospective students nearly always choose Tenby Penang after they have spent some time with us.

We welcome you to join our ambitious, busy, happy and unique community.

Iain Sallis
Campus Principal

OUR VISION

A United World At Peace – Through Education

OUR MISSION

- To enable students to:
 - ◆ achieve their full potential for academic excellence and achievements in sports and the arts
 - ◆ develop the values of compassion, responsibility and integrity
 - ◆ become effective communicators, creative thinkers and independent learners.
 - To encourage the values of cultural diversity and acceptance of others different from oneself.
 - To promote the values of democracy, equality before the law and respect for The Universal Declaration of Human Rights.
 - To promote international understanding for a peaceful world.
-

OUR CORE VALUES

- Education matters, it is central to all that we do
- International mindedness
- Lifelong learning
- Respect
- Sensitivity to cultural adversity
- Effective communication

welcome to SEKOLAH SRI TENBY

Message from School Head

Sri Tenby was the first private school in Penang (commencing in 1981 as Sekolah Sri Inai) and currently offers the Malaysian National Curriculum for students aged 7 to 17. In line with our mission of “A United World At Peace – Through Education”, we inspire, support and nurture our multi-cultural students to be well-educated and empathetic global citizens. We are a community of learners working together to prepare our students for tomorrow’s world by building a solid foundation of academic excellence and rigour combined with a warm, inclusive environment in which all our students feel welcome, respected and valued.

Individual successes are celebrated while we remember that we are indeed a family. All students are given abundant opportunities to grow and achieve their full potential. Small classroom sizes allow better teacher-student interaction to establish a conducive learning environment.

We are committed to providing academic excellence in an environment that is rigorous and encouraging. Sciences and Mathematics are taught in English under the Dual Language Programme since 2016. This will provide students with fluency and ease of using the language in pursuit of tertiary education. Our students are provided with exciting and engaging learning experiences both inside and outside the classrooms.

We intend to be the private school of choice for our local families. Our values and beliefs reflect the high standards of our local community – respect, responsibility and cooperation. We challenge our students with high expectations through a stimulating school ethos. We do not just teach the curricula and skills but prioritise values and qualities – courage, compassion and resourcefulness – which they will need in the future. We believe in a disciplined and safe environment where students wear the school uniform with pride. I invite you to come see for yourself the Sri Tenby ethos in action.

Cheah Sin Hock

Head of Sekolah Sri Tenby

who we are TENBY GROUP

Tenby Schools is a rapidly expanding group of international and Malaysian private schools in Malaysia. Having started in Ipoh, Perak, there are also Tenby Schools in Penang, Setia Eco Park in Shah Alam, Miri in Sarawak, Setia Eco Gardens in Johor and Setia EcoHill in Selangor. Another new school in the Klang Valley, which is within the Tropicana Aman development in Kota Kemuning, Selangor, is also in the pipeline and is scheduled to open in 2018.

Tenby Schools' vision is "A United World At Peace – Through Education". We are dedicated to bring together students from different cultures and nationalities and educate them to become global citizens of the future – young people with respect for one another, confidence in themselves and the determination to become outstanding achievers.

Tenby Schools aim to develop students who are effective communicators and sensitive to cultural diversity, as we believe these are crucial for them when they pursue further education at the tertiary level and when they enter career life.

Tenby International School Miri (Sarawak)

about the school

SEKOLAH SRI TENBY

WHO WE ARE

Sekolah Sri Tenby Penang consists of two schools, Sekolah Rendah Sri Tenby and Sekolah Menengah Sri Tenby. Both schools offer the Malaysian National Curriculum for students aged 6+ to 17+.

At Sekolah Sri Tenby, we strive to develop our students holistically – intellectually, spiritually, emotionally and physically – inside and outside the classrooms through subject disciplines, enrichment programmes, and our teaching and learning.

We strive to provide our students with the best possible opportunities to achieve their full potential. We endeavour to equip them with the competencies to become responsible and be able to thrive in this global community.

Sekolah Rendah Sri Tenby

about the school

WHAT DO WE OFFER?

Sekolah Rendah Sri Tenby follows the Malaysian National Primary School Curriculum that culminates in the UPSR examination by the Malaysian Examination Syndicate in Tahun 6. With English as the primary mode of communication, the school enhances the strengths of the local curriculum amidst a vibrant international environment that emphasises the use of modern teaching and learning methodologies to enhance learning.

Sekolah Rendah Sri Tenby is a school that truly values children as individuals and we have high expectations for all children in our care. Our close knit and caring ethos provides a safe, happy and stimulating environment, and we are committed to providing the best education for all. The school provides a secure and encouraging setting that enables its pupils to enjoy their learning and to achieve well both academically and non-academically.

primary school CURRICULUM

The new Malaysian Primary School Curriculum is called Kurikulum Standard Sekolah Rendah (KSSR). This curriculum started in the year 2011. The KSSR curriculum was introduced as an effort to restructure and improve the current curriculum to ensure that students have the relevant knowledge, skills and values to face the challenges of the 21st century.

What is meant by a Standard Curriculum?

KSSR was formulated based on a statement of standards. The statement of standards is comprised of content standards and learning standards which need to be achieved by a student in a specific period and level of schooling. The Content and Learning standards are defined as follows:

- Contents Standards are specific statements on what the students must know and can do, within a specific period of schooling, covering the areas of knowledge, skills and values.
- Learning Standards are set criteria or indicators of education quality and achievements which can be measured for each content standard.

Sekolah Menengah Sri Tenby

about the school

WHAT DO WE OFFER?

Sekolah Menengah Sri Tenby offers a curriculum that is in line with the Malaysian National Secondary School Curriculum. The curriculum, implemented from Form 1 - 5, comes within the purview of the Ministry of Education. It includes two major public exams: the PT3 (Form 3) and the SPM (Form 5).

Sekolah Menengah Sri Tenby provides a holistic national curriculum that focuses on a well-rounded education. The emphasis is on meaningful intellectual, social, physical and ethical engagement and development of every child.

The school believes that every child can learn and is committed to ensure that each child reaches his or her fullest potential. The school nurtures all students to take responsibility and ownership for their learning and behaviour in an environment that is safe, supportive and caring.

At Sekolah Menengah Sri Tenby, the top priority is to encourage students to be successful, dynamic, confident and equipped to be global citizens.

co-curricular ACTIVITIES

Our Co-Curricular Activities (CCA) programme is designed to offer our students the opportunity to participate in cultural, educational or recreational activities so they can explore their passions, develop their talents and discover themselves.

Students are spoilt for choice as our mandatory enrichment programme offers more than 75 activities throughout the year. One of the biggest challenges is deciding which activities to choose.

why SEKOLAH SRI TENBY

- An English-speaking and international environment
- Excellent teaching standards of English and Bahasa Malaysia
- Dual Language Programme for Science and Mathematics. Approved by the Ministry of Education, Malaysia
- The opportunity to study Chinese (Mandarin) within the curriculum
- Easy access to an international curriculum via Tenby International School
- Modern approaches to teaching and learning emphasising the active involvement of students in their own learning
- An emphasis on holistic education in developing creativity, critical thinking and problem-solving
- High expectation of students
- Celebrate progress and achievement
- Caring and motivating ethos
- Up-to-date facilities and resources to support teaching and learning
- Small class sizes ensuring individual attention
- A wide range of co-curricular activities
- Single session
- The opportunity to learn and interact within a global community
- Option of sitting for the International Certificate of Secondary Education (IGCSE) subjects
- Trained teachers with continuous professional development

nutrition and health

SCHOOL DINNERS

We are committed to healthy, balanced, nutritious and tasty lunches for all our students.

Eating areas are located at the school cafeteria, which caters for the diverse tastes and needs of our community, taking on the challenge of serving meals to a large student body.

Students, staff and visitors can sample various options of Asian, Western and vegetarian meals at break and lunch. The menu changes weekly and parents who choose to pre-order meals can do so.

Effective Home-School PARTNERSHIP

Tenby Schools is fortunate enough to work with an active Parents Association (PA), whose committee liaises between the school, parents and community associations to create a strong school spirit by organising events and activities for students, parents and staff.

The PA is key when transitioning into the school as it gives parents the opportunity to socialise, stay connected and make friends by hosting coffee mornings. It consists of parent volunteers and maintains a strong community that is inclusive of both the international and national schools.

It relies on the creativity and energy of volunteers to organise events such as:

- Welcome coffee mornings
- Parent seminars
- The annual Spring and Summer Fairs
- Organising food for major school events

It is a warm and welcoming community that we hope you will be a part of too.

how to APPLY

Intake for each academic year is in January, however we accept students all year round if there is space in your required year group.

To join us follow this simple application process.

1

Choose which area

Primary (Age 7 - 12)
Secondary (Age 13 - 17)

2

Contact our Admissions Team

Our Admissions Team is here to answer any questions you may have and show you around the campus. Call for an informal chat or request a tour.

+604 892 7777

3

Fill in application

In order to apply to Sekolah Sri Tenby, please complete the application form.

4

Student assessment

Admission is based on seat availability and successful completion of all application procedures, including the submission of required documentation and completion of admission tests.

5

We will send you a letter of offer

Once a student has been assessed as qualified in step 4, and provided there is space in the appropriate year group, an applicant will be offered placement according to Admission Priority as described in the Admissions Policy.

6

Accept and enrol

We look forward to welcoming you to Sekolah Sri Tenby.
