OUR AFFILIATIONS:

OUR PARTNERS:

Internationally Recognised Education

St. John's International School, or SJIS, is a privately funded international school that is run in collaboration with the La Salle Brothers Malaysia. The establishment of SJIS is in keeping with one of the priorities of the Lasallian family in Malaysia, which is to cater to the needs of young Malaysians, and also to link the school with a Lasallian organisation that has an outstanding and reputable history of delivering excellent education not only in Malaysia, but in 82 countries worldwide.

SJIS presents a new environment for students from different cultures and backgrounds to be nurtured in excellence in education, sports and extracurricular activities. We realise that a holistic education is also one that promotes values of respect for all, accompanied by a sense of responsibility. Good discipline and a strong student-faculty relationship are emphasised to create an atmosphere of mutual learning and respect within the school.

Students and parents recognise that education at SJIS has distinct characteristics. Members of the SJIS faculty are chosen for their top academic qualifications and methodical competency. They are selected for their penchant for scholastic care of students and consistently stay updated with pedagogical knowledge and current teaching practices. We envision a great learning experience for the students of SJIS.

Our focus on providing our students with varied exposures will develop well-balanced, all-rounded students who are set on the path to brilliant success in higher studies and a bright future. Recently, SJIS was certified by ISO 9001-2008, which means that SJIS is now meeting International standards, under quality management systems to ensure that we meet the needs of our various stakeholders.

**Cambridge Assessment
International Education**

PRINCIPAL MESSAGE

“At SJIS, we encourage students to enjoy every element of their studentship whilst in school, strengthen their mastery of the English Language and enhance their character and ethical values. With this in view, we have placed special emphasis in all our extra-curricular and co-curricular activities. It is via these activities we are able to instill values, equal respect, responsibility and empathy in the hearts of our students.”

OUR VISION

To be a leader in providing a first class, well-rounded holistic education in a stimulating learning environment.

OUR MISSION

SJIS strives to inspire every student with the fortitude to grow and become respected and trusted leaders of the community by accomplishing academic, personal and social goals founded on the holism of faith, knowledge, thinking, creativity and excellence.

QUALITY POLICY

SJIS is committed to providing its students a high quality learning experience to enable them to develop their full potential in academic and character development and achievements. SJIS will strive to provide services that meet or exceed the expectations of its stakeholders, and to continually improve its service level through compliance with all regulatory requirements and regular review of quality objectives

ABOUT US

OUR CURRICULUM

CAMBRIDGE CHECKPOINT

The Cambridge Lower Secondary (CLS) programme provides a seamless progression, from Cambridge Primary or can be used as a stand-alone curriculum to develop learners skills and confidence in English, Mathematics and Science. It offers a curriculum framework for educational success for learners, typically 11-14 years old, with an optional testing structure. The CLS programme has been developed to link seamlessly with Cambridge Primary and provides standardised tests to allow careful monitoring of progress from the primary to lower secondary phase. It also provides excellent preparation for learners embarking on Cambridge IGCSE. At the end of the programme, Cambridge Checkpoint assessments are available to provide detailed feedback on learners' strengths and weaknesses.

LOWER SECONDARY

Year 7 - Year 9

Intake: January

(Enrolment allowed on case-by-case basis throughout the year)

External Examinations:

October (Y9 Checkpoints)

Internal Examinations:

4 assessments a year
(2 in each semester)

Subjects Offered:

- First Language English
- Malay Language
- Mathematics
- Science
- ICT
- History
- Geography
- Physical Education

IGCSE

Year 10 & Year 11

INTERNATIONAL GENERAL CERTIFICATE OF SECONDARY EDUCATION

The Cambridge International General Certificate of Secondary Education (IGCSE) is one of the most recognised qualifications around the world. Cambridge IGCSE courses are renowned for developing vital education skills, including recall of knowledge, oral skills, problem-solving, initiative, teamwork and investigative skills. The resulting qualification provides a foundation for higher level courses, such as Cambridge A and AS Levels, Cambridge Advanced International Certificate of Education; the North American Advanced Placement Programme and the International Baccalaureate.

The Cambridge IGCSE programme caters to different levels of ability with a choice between core and extended papers in many subjects. The core curriculum is based on an overview of the subject and is suitable for students expected to achieve grades between C to G. The extended curriculum is more challenging and designed for students who are expected to achieve grades A to C grades achieved through either route have the same value.

Intake: January
(Enrolment allowed on case-by-case basis throughout the year)

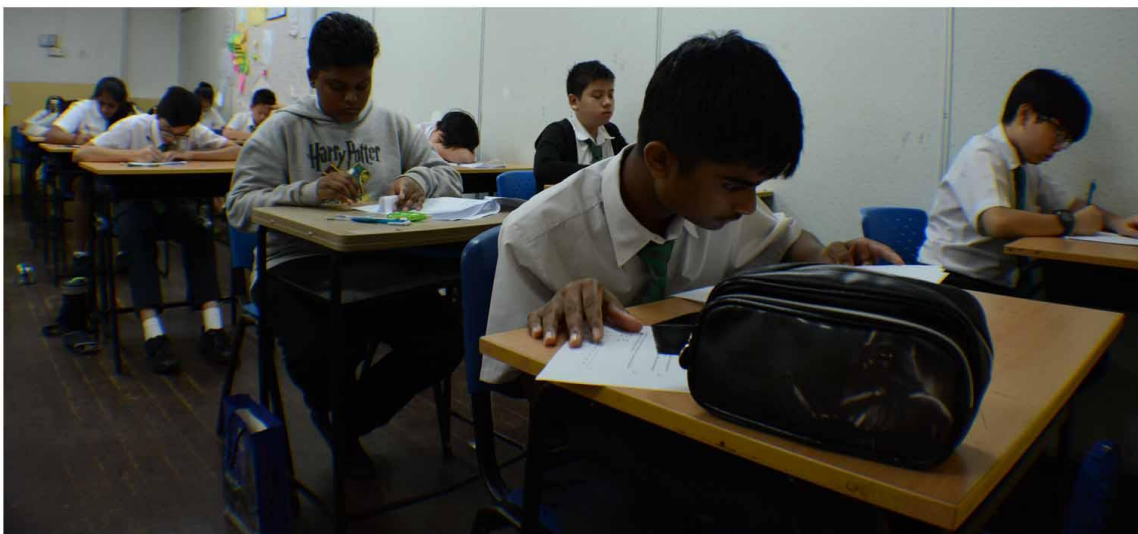

External Examinations:
May-Jun and Oct-Nov

Internal Examinations:
4 assessments a year
(2 in each semester)

Subjects Offered:

- First Language English
- Malay Language
- Mathematics
- Add Maths
- Physics
- Chemistry
- Biology
- Accounting
- Economics
- Business Studies

Success Planner

Exam Preparation Strategies

Preparing for an exam can be a stressful time for a student. This programme will give students a strategic methodology to shape their exam preparation. We will also assess different ways to cope with exam anxiety before and during an exam, and tips and guidelines on working through different components of an exam.

Students will:

- learn how to take a strategic approach to exam preparation
- create a detailed plan to manage each subject
- discover the secrets of multiple choice questions
- deal with exam stress and nervousness
- learn what to do before, during and after the exam

SPEECH, WRITING & PRESENTATION SKILLS

- **Introduction to Professional Writing (IPW)**
- **English for Academic Writing (EAW)**
- **English as a Lingua Franca (ELF)**
- **The Test of English as a Foreign Language (TOEFL)**
- **International English Language Testing System (IELTS)**

"It's a proven learning system that successfully trains over 80,000 English language learners a year."
